## 1920s Merry-Go-Round Introduction

**Ms. Felton**

**MAKAYLA:** Wait, Caleb, that is Ms. Felton from our school. She is talking about the history of the 1920s Merry-Go-Round. I want to stop and say hello.

**CALEB:** Me, too!

### Saying Hello

**MS. FELTON:** ...and since 1921, it has been a part of our town. If anyone has any questions, please let me know.

**MAKAYLA:** Hi, Ms. Felton!

**MS. FELTON:** Hi, Makayla and Caleb! It's great to see you.

**CALEB:** You, too, Ms. Felton. We didn't know that you worked at Commonwealth Cascades.

**MS. FELTON:** In addition to teaching students, I also like to teach the public. I work here on some weekends and a little bit during the summer. I was lucky to learn early in my life that I wanted to teach. Being a teacher means that I work in the Education and Training Career Cluster.

### Education and Training

**MAKAYLA:** So, do all of our teachers work in that career cluster?

**MS. FELTON:** Yes, they do. The Education and Training Career Cluster includes the teachers at our school as well as a lot of other people you may not think about. The people who design lesson plans, the people who lead the teachers, and the people who work outside of a school, but still teach others are all included in the Education and Training Career Cluster.

**CALEB:** Wow, I had no idea there are so many people involved in education and training!

**MS. FELTON:** Let me tell you a little bit more.

### Introduction

**MS. FELTON:** Education and training are all about learning, whether it is in the classroom, in an office building, or in a park like Commonwealth Cascades. The Education and Training Career Cluster involves planning, managing, and providing education and training services, and related learning support services.
