ELIGIBILITY FOR FEDERAL STUDENT AID

Most students are eligible to receive financial aid from the federal government to help pay for college or career school. Your age, race, or field of study won't affect your eligibility for federal student aid. While your income is taken into consideration, it does not automatically prevent you from getting federal student aid.

The U.S. Department of Education's office of Federal Student Aid provides more than \$150 billion every year in grants, loans, and work-study funds to students attending college or career school. Visit StudentAid.gov today to learn how to pay for your higher education.
