

Tips for Viewing and Navigating Content Interactivities Oceanography

Throughout the course, you will find interactivities used to deliver content. The layout of interactivities will vary depending on the content. In most instances, audio will be included in the interactivity. This document provides tips for viewing and navigating course interactivities.

Player Buttons

Some interactivities use **player buttons** to control navigation. Instructions on how to navigate these learning objects are included in the interactivity.

Menu:

Use the drop-down menu to navigate to a specific slide in the interactivity.

Volume:

Use the slider to change the interactivity volume.

Resource/Restart/Exit:

Click on the **Resources** menu to view interactivity resources, including a .pdf version of the interactivity.

Click on **Restart** to replay the interactivity from the beginning

Click on **Exit** to close the interactivity.

Player Buttons:

Replay the current slide or move backwards and forwards in the interactivity.

Seek Control:

Some interactivities include a **Play/Pause** button, a scrub bar, and a **Replay** button. You can jump ahead and replay a section using these controls.

How to Exit an Interactivity

All interactivities are set to open in a new browser tab. To exit an interactivity, simply close the browser tab by clicking the “x” located in the corresponding tab. The final slide of interactivities include on-screen instructions and buttons used to **restart** or **exit** the interactivity.

Exit the Interactivity:
Exit the interactivity by closing the browser tab.

Exit or Restart:
Exit or restart the interactivity by clicking the desired button.
